Art Unit: 3683

1. Receipt is acknowledged of the amendment filed on 2/20/2003.
2. Claims 1-14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claims 1 and 8, "brake shoe means" lacks clear antecedent basis. Claims 2-7 and 9-14 are indefinite due to their dependency on claims 1 and 8.

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 1-20 are rejected under 35 U.S.C. 103(a) as being unpatentable over Penney in view of Everett.

Note the previous discussions of Penney and Everett in paper number 2, mailed 11-2-2002.

Penney shows a brake assembly of the type claimed having plural pads B slidably fit onto shoe body A.

The claimed invention differs only in the intended use and in using pads having varying braking characteristics.

Everett shows a bicycle brake having plural interchangeable pads of varying braking characteristics. See column 3, lines 34-59.

Art Unit: 3683

It would have been obvious to have utilized a brake such as shown by Penney for a bicycle in view of the teaching of Everett and use Pads having different braking characteristics in so as use the brake for a variety of conditions as taught by Everett.

4. Applicant's arguments with respect to claims 1-20 have been considered but are moot in view of the new ground(s) of rejection.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

6. Any inquiry concerning this communication should be directed to Mr. Graham at telephone number (703) 308-1113.
